

## **New Moon Theatre Collection**

The New Moon Theatre Company was established in 1982 under the direction of Paul Iles. Its aim was to create a fully professional resident theatre company in north Queensland in Cairns, Townsville, Mackay and Rockhampton.

The board, chaired by Diane Cilento, included representatives of six local authorities. The organisation was originally registered as the Central and Northern Theatre Company but was always called New Moon and was eventually registered as the New Moon Theatre Company Ltd.

The Company's financial position was always difficult with heavy dependence on government grants. Despite various periods of limited prosperity, it was liquidated in 1991.

The collection includes financial records, correspondence, play scripts and information on New Moon performances.

**Archive Location: 373R – 392M and Folio 509**
